Response to Line 920- Tribal Engagement Obligation

Shidler Telephone Company ("Company") serves a small portion of the Osage Nation located in northern Oklahoma. The Company reached out to the Osage Nation in 2014 in an attempt to engage in discussion of the Osage Nation's needs assessment and deployment planning for the communications needs of Tribal members and the Tribal government institution per the requirements of 47 C.F.R. §54.313(a)(9). In prior discussions, the Osage Nation responded that they were not prepared to discuss communications issues and would contact the Company at such time as they were ready to engage in those discussions. Thus far, the Osage Nation has not contacted the Company to engage in any such discussion. The Company continues to perform required Lifeline outreach and also provided its ETC annual report to the tribal nation annually.

The Company makes best efforts to bring advanced telecommunications services and broadband services to all individuals within its service territory, including all Tribal members. The Company looks forward to further contact in 2015 to determine how the Company's service plans can be coordinated with the Osage Nation's special needs and projects planned either in the area or nearby that would affect service.
